DETAILED ACTION

Claims 1-3, 8-11, 16-19 and 24 have been canceled in the amendment filed 07/09/2005. The pending claims are 4-7, 12-15, 20-23 and 25-29.

Allowable Subject Matter

Claims 4-7, 12-15, 20-23 and 25-29 (renumbered as 1-17) are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 4-7, 12-15 and 20-23, Broder also teaches a method, program and system for storing page link information, however, Broder fails to teach or suggest the step of *delta encoding the set of deletes and delta encoding the set of adds for each respective row, and Huffman coding the delta encoded set of deletes and delta encoded set of adds for each respective row* as in claim 4, 12 and 20.

Regarding claim 25-29, Broder also discloses a computer implemented method of storing web links of web pages, but Broder fails to teach or suggest the technique of *encoding web links associated with a particular web page as (2) a list of delete numbers that represent identification numbers included in the list of identification numbers of the another identification number but not associated as web links with the particular web page, and (3) a list of add numbers that represent identification numbers associated as web links with the particular web page but not included in the list of identification numbers of the another identification number.*
